THE ULTIMATE KICKOFF KEYNOTE

The SMARTEST Way To Start The Day! Maximize Your Audience's Energy, Engagement, & Excitement About Your Event With A Custom-Crafted "Play Full Out" Keynote.

FACT: The first speaker at your event has an outsized influence on audience engagement for the rest of the time they're with you. Yet more often than not, this critical opportunity to teach the audience to engage and play full out is wasted.

What you need is an EVENT-FOCUSED opening keynote. As the World's #1 Emcee, Devon has kicked off more events than virtually any other speaker, mastering the art of "training" audiences to stay fully engaged. While he's almost impossible to hire as an emcee, he's distilled THE MOST IMPORTANT PART of emceeing (generating audience engagement) into a customized kickoff keynote experience that will dramatically help accomplish your event's objectives. If you're ready to kick off your conference with an unforgettable bang, this is the keynote you're looking for.

Whether they're presenting at work, leading a meeting, or speaking at an event, your audience will gain the tools to overcome stage fright, engage their listeners, and deliver their message with impact. This transformative keynote will leave your crowd feeling inspired, empowered, and ready to take their speaking abilities to the next level.

SPEAKER INTRO

(To Give Event Host)

NOTE: Devon will likely craft a custom-intro for your event, but if you need a generic one, you can use the one below

Ladies & Gentlemen, we have a special treat for you today. The gentleman I'm about to bring to the stage is the answer to the question... What would happen if you combined MC Hammer with Tony Robbins?

When the biggest conferences & seminars in the world need someone to host or kickoff their event, this is who they call.

He has just one mission today; to help you step into your full potential so that you can get the most out of this event, and out of life.

So if you're ready to have some fun, get on your feet, put your hands together, and help me welcome to the stage, Devon Brown!

TESTIMONIALS

"An Additional \$1.07 Million With Devon..."

"At our previous events, we spent \$300,000 hiring "big-name" speakers. We ended up doing about \$1.7 Million in sales. But about a year ago, we tried something different. We ditched the big-name speakers and hired Devon to host. The increased audience engagement resulted in sales jumping from \$1.7 million to \$2.5 MILLION. Bottom line... we saved \$270,000 on speaker fees, and added an additional \$800K in sales. With Devon, our event was \$1.07 Million more profitable!"

"He's The Best In The World & Always Our First Choice..."

"The ASPIRE Tour is the world's largest business tour. Our events bring names like Kevin Hart, David Goggins, Kendra Scott, Alex Rodriguez, The Sharks (from Shark Tank), Magic Johnson & Gary Vaynerchuk. When it comes to hosting an event of this size and caliber, Devon is always our first choice. He's the best in the world at what he does."

"Devon Has Kicked-Off Our Event For 10 Years"

"I can't imagine anyone else kicking off our event. Funnel Hacking Live is like a cross between a marketing conference and a rock concert. Our crowd demands the highest energy and the most engagement. That's why Devon has been the first one on stage with the mic in his hand every single year we've held it."

- **Russell Brunson**
Funnel Hacking Live

"He's Who The Professionals Use"

"SAGE Events coordinates events for some of the biggest names in the world. People like Tony Robbins, Dean Graziosi, Russell Brunson, and even Matthew McConaughey have trusted us to plan and execute their multi-million dollar conferences. We get to work with tons of event hosts and kickoff keynotes, and when it came down to who we wanted for OUR OWN EVENT, we called Devon."

- **Bari Baumgardner**

"2.5X More Engagement The Final Day of The Conference!"

"The year before we hired Devon, we had about 150 people at our dental marketing conference. Given the fact that our event is usually held somewhere tropical, people often want to leave the seminar early and hit the beach. By the end of the third day of the event, we only had about 43 people in the room. Fast forward to the year we hired Devon, and at the end of the third day, there were 106 people left in the room out of the same 150. That's about 2.5X more engagement on the final day of the event! Devon is with every penny and we do our best to book him a year in advance!"
